WAY OF PREPARATION

Way 1. Microwave heating method: Gently tear the packaging film to create an opening, put it in the microwave for 2 minutes, and it is ready to eat.

Way 2. Water bath heating method: Put it in boiling water and heat for 6-8 minutes, then open the package and serve.

PRECAUTIONS

1) Temperature and humidity changes may cause water droplets on the inside of the sealing film. It has no effect on the quality.

2) Please consume within 60 minutes after opening the sealing film.

3) Do not consume if the bag is swollen, broken or moldy.

4) Do not freeze.

5) Be careful when heating.
